

Playing Your Tour

1. When you click to view your tour you will be given the option to 'Save' your tour to your desktop or to 'Run' (play) your tour (if you select 'Save', you will have to double click on the .itb file on your desktop)

2. Next you will be asked to 'Run' the tour player software. To view your tour you will need to click 'Run'

Playing Your Tour

3. After clicking 'Run', your entire screen will go black. Do Not Worry, soon this loading message will appear and your full screen tour will play in just a few seconds
